Professional Edge Paints

The premium Italian edge paint ideal for finishing the cut edges of leather bags, belts, straps, shoe uppers, and saddlery.

- Provides superior coverage and excellent finish without the need for hand buffing or a clear coat.
- Special formula of natural and synthetic polymers provides a durable and flexible finish.
- Water based for easy clean up.
- Non-Flammable - Non-Toxic
- Apply by hand or with machines
- Drys to the touch in minutes - fully sets in 48 hours.
- Dry times can be accelerated with limited heat, which can also increase resistance to water.
- Sold in convenient 1 liter plastic bottles
- *Available in 194 colors!*

Application:

- Apply first coat and let dry.
- Burnish with soft leather wheel or hot glaze.
- Apply second coat on the smoothed surface for a uniform and sealed finish.
- Repeat as needed.

Available Finishes:

Glossy Finish: Medium high viscosity and elevated degree of shine. Resists dripping and provides excellent adhesion and high flexibility with wet-dry abrasion resistance. Designed for absorbent leathers.

Glossy PLUS Finish: High gloss finish, with a smooth, well sealed edge. High viscosity and drip resistance. Excellent adhesion and high flexibility with wet-dry abrasion resistance. Excellent cold-flex resistance. Designed for very absorbent leathers. Requires fewer applications on normal leathers.

Matt Finish: Medium high viscosity with a pleasant matt finish. Resists dripping and provides excellent adhesion and high flexibility with wet-dry abrasion resistance. Designed for absorbent leathers.

Matt PLUS Finish: High viscosity for absorbent leathers and difficult to paint leathers. Requires fewer applications on normal leathers.

Buckleguy.com

Clear Finish

Creates a clear, extremely tough and flexibly finish on leather edges. An excellent primer for better adhesion.

- Works wonderfully with stained leather as well as unstained leather.
- Water based for easy clean up.
- Non-Flammable - Non-Toxic
- Apply by hand or with machines

Clear Edge Primer

Creates a clear, extremely tough and flexibly finish on leather edges. An excellent primer for better adhesion.

- Works with stained leather as well as unstained leather.
- Water based for easy clean up.
- Non-Flammable - Non-Toxic
- Apply by hand or with machines

Clear Glossy Finish

- Durable, high gloss top finish Does not need to be buffed to produce a high gloss.
- Thanks to the elevated adhesive and penetrating power, is also used as an adhesion promoter. Applied before the edge paint application to improve adhesion. This use is suggested on tight grain and slightly absorbent leathers.
- Can be applied as a final coat to matt finish paint to create a glossy top coat

Clear Glossy Top Coat

Creates a clear, glossy, extremely tough and flexibly finish on leather edges.

Clear Matt Finish

- Durable, smooth matt top finish.
- Can be applied as a final coat to glossy finish paint to create a matt top coat

Application:

- Apply first coat of edge paint and buff smooth
- Apply a coat of bright fixing agent and let dry
- Apply a second coat of edge paint and let dry.
- For best results, apply the finish within two hours of application of the edge paint. Allow 48 hours to completely set.

Moss-Back Finish

- Specifically formulated to finish flesh side suede
- Creates a smooth, medium soft and flexible finish.
- Water based for easy clean up.
- Apply by hand or with machines
